Corporate Relations Council
Reserve Your Seat...

The American Academy of Pain Medicine (AAPM) Corporate Relations Council is a distinguished community of healthcare professionals with a sustained interest in Pain Disorders and Pain Management.

Benefit Of Partnering With AAPM...

Partnering with AAPM offers many opportunities to interact with the leading pain physicians and clinicians of the pain management treatment teams.

As part of the Council you’ll join a distinguished community of physicians, researchers, and allied health professionals with a sustained interest in Pain Disorders and Pain Management.

It Is Designed To:

- Provide a format for establishing and building relationships;

- Foster open dialogue among key industry representatives;
Further programs that promote optimal, cost-effective care for patients affected by pain.
Participation In The Council...

Participation in the AAPM Corporate Relations Council is available to organizations that support the Mission and Vision of AAPM.

Corporate Relations Council companies are profiled on our Corporate Relations Council Members webpage so that AAPM members have the opportunity to learn more about each company.

Corporate Relations Council Profiles

The Council enables you to connect in a more significant way with the leaders in Pain Management.
Corporate
Premier Level
Our mission is to improve patient lives and access to treatment through strong mutually beneficial relationships with key patient, professional, and multi-stakeholder organizations, delivering on Amgen’s mission to "Serve Patients".

Our strategy is to build a leading, focused medicines company powered by advanced therapy platforms and data science.
Our purpose is to develop innovative gene therapy and treat diseases with high unmet needs to help patients live longer and better lives.

At Medtronic, we believe in the power of medical technology to improve lives. Seven decades ago, our co-founder invented the battery-powered pacemaker. Today, we are among the largest medical device companies in the world.

Lilly was founded in 1876 by Colonel Eli Lilly, a man committed to creating high-quality medicines that met real needs in an era of unreliable elixirs peddled by questionable characters. His charge to the generations of employees who have followed was this: “Take what you find here and make it better and better.”

Corporate Associate Level
Collegium Pharmaceutical is a specialty pharmaceutical company committed to being the leader in responsible pain management. For nearly two decades, Collegium has been focused on developing and commercializing new medicines for pain management that reflect our Core Values and our commitment to people suffering from pain, providers and our communities.

At Healthnetics, we believe in good health, quality products and innovation. We strive to offer the best alternative and natural relief options for a healthy mind and body. We use only all-natural ingredients that are sourced in the USA. Our products are lab-tested for quality and purity, and certified to be 100% THC-free.

In a complex world, Teva's mission is simple: to improve the lives of patients across the globe. We believe that everyone should have access to quality medicines whether it be for managing disease, fighting infections, or simply improving overall health.

We will develop, license, and market meaningful and accessible healthcare products that improve lives and result in a thriving community of patients, employees, and shareholders.
